

CARE NAVIGATION TRAINING

COURSE DESCRIPTION

Take the stress out of navigating the plethora of referral organisations in Islington by attending a 'Care Navigation Training Course'. This is a free, half day training session tailored specifically for health, social care and voluntary sector professionals in Islington. It has been created by client facing staff at Age UK Islington, who know the challenges you face. The session will give you an increased understanding of collaborative working and integrated care management. You will be better able to understand the benefits of multi-professional working and increased confidence in communicating with and engaging other professionals. These sessions are part of the Islington CEPN training programme.

Three Things You Will Leave With

- Better understanding of integrated care networks and how to get the best out of working in this way
- Have an overview of key local services available and access routes
- Increased knowledge of and confidence in navigator services

Target Audience

People working in health, social care and voluntary sector organisations in Islington.
