Doc 13

Meeting: Trust Board
Date: 24th March 2010

Title: **Inspection of progress made in the provision of safeguarding services in the London Borough of Haringey**

Executive Summary: The report from Ofsted, CQC and HMIC following a week of inspection in January is attached.
Overall the report cites extensive and consistent evidence of progress overall. There is evidence of strengthened partnership arrangements. There is one area mentioned that relates to both primary and secondary care clinicians in relation to attendance at case conferences. Haringey have now developed a scorecard which shows that from April to December 2009 there has been 100% attendance from secondary care clinicians at case conferences where invited. The Trust has a policy in place to ensure arrangements are in place to enable clinicians to attend when appropriate.

Action: For information
