Title: **Annual child protection report**
 2009-2010

Executive Summary:

This annual report covers April 2009- March 2010.

The first six months of the year was dominated by the publication of several national child protection and safeguarding reports and reviews, and the need to ensure that the Whittington hospital NHS Trust is able to report compliance with the resulting action plans.

- The trust have a full complement of staff in post as recommended in Working together to safeguard children (2006)
- In April 2009 the trust declared full compliance with standard C2 (child protection) in the CQC core standards submission.
- Staff training has continued to be prioritised throughout the year and the Training and Competencies strategy for child protection was completed and ratified in March 2010.
- Involved in five serious case reviews.

Action: For discussion and acceptance
