Dear Rob,

Re: 2010/11 Quarter 2 Governance ratings

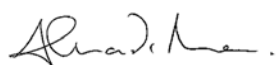

NHS London has now completed its review of your Trust's Quarter 2 Governance self-assessment.

The Trust's Governance rating is: Green.

We are currently in discussion with Sectors regarding governance assurance going forward. As such we will not be requesting governance returns in their current form from now on. NHS London will advise you of the outcome of these discussions in due course.

You will be notified of your organisation's quarter 2 finance rating separately.

Yours sincerely

Khadir Meer
Sector Head of Performance – North Central London
