13.30h-17.00h	Dr Restrict/ Dr Lock via switch	Dr Heightman 07825291451	Dr Stern 07768728992	Dr Stern 07769728992	RNS Angela Williamson 07919575653

**Pathway for patients with an acute exacerbation of COPD (AECOPD)**

Please refer to this pathway for all patients with AECOPD who do not require admission through the DMR. They should be referred to ambulatory care the same or following day for review and optimisation and potential onward referral to the community respiratory (CORE) team for further support. Respiratory clinicians will assess patients alongside the AEC team according to a weekly rota.
