

Buy-in Speech and Language therapy

What can buy-in SLT provide?

As part of any enquiry we would talk to you about what you feel is needed in your school and develop a package to match your requirements. This could include work at a universal, targeted or specialist level, for example

- delivery of the Small Talk programme in nurseries
- training for staff in screening children for SLCN
- delivery of parent workshops
- supporting staff to identify and overcome barriers to learning and assistance with curriculum differentiation
- coaching for learning support assistants
- Intervention for children who do not meet the current service criteria (all Key stages)
- training in specialist courses such as Elklan, Makaton Bilingualism or bespoke insets eg developing effective communication skills in the classroom
- development of a communication policy
- classroom audits
- skills development for teaching staff
- Assessment for children in KS2
- Top up sessions for NHS clients for both language and speech
- Setting up and running language groups

What is the cost?

The annual cost is currently approximately £12,000 for 1 day a week

How can I get this?
